WE PACK PROMISES www.joinpack.com

High Speed Automatic Strapping Machine, Belt driven

Model No: A-88AB

Servo motor driven, high speed in-line strapping machine

Feature

- Servo motor driven, 60 straps/min
- Run on 5,6,9,12,15 mm strap
- Tension range 3 – 70 kgs
- Auto loading system
- Short feeding sensor
- Coil end eject system
- Looping ejector
- PLC control
- Hinged table top
- Strap re-feed
- Movable control panel

Option

- Soft compactor
- Hard compactor
- Stainless steel housing
- Power roller driven (A-88AR)

DC motor driven strapping machine

Model No: A-86

High performance, easy to maintain

Feature

- DC motor driven, 50 straps / min
- Run on 5,6,9,12,15 mm strap
- Auto loading system
- Short feeding sensor
- Coil end eject system
- Looping ejector
- Movable control panel

Option

- Soft compactor
- Hard compactor
- Stainless steel housing

Automatic strapping machine

Model No: A-85AR

In-line auto strapping system, for narrow / light straps

Feature

- AC motor driven
- Run on 5,6,9,12,15 mm strap
- Auto loading system
- Short feeding sensor
- Coil end eject system
- Looping ejector
- Movable control panel

Option

- Soft compactor
- Hard compactor
- Stainless steel housing
- Belt driven (A-85AB)
- Idle roller (A-85)
