

CURIE: compact and mighty

TECHNICS

TECHNICAL DATA

Height	2000 mm
Width	1500 mm
Length	2508 mm
Turntable height	75 mm
Weight	260 Kg
Power supply	230 VAC
Power absorption	0,75/1Kw

SMALL AND READY TO WORK!

With its brand new rack and pinion carriage transmission, Curie is born to be an essential and a friendly end user machine: Curie is the perfect bundle of all the features that a stretch wrapping machine has to offer with a competitive price. Provided with a 2000mm mast, inverter for the turntable, inverter for the carriage, pallet height sensor, zero position stop, three working cycles. Curie will feature a complete brand new board able to store up to 6 programs including a completely customized cycle thanks to the "Playback" mode. Available with Power Pre-Stretch carriage as optional and with the open turntable configuration (T-Shape) Curie is the core of the essential without compromising on quality.
